### Feifei

大家好，欢迎收听 BBC 英语教学的“地道英语”节目。我是冯菲菲。

### Roy

And I'm Roy! Did you watch the latest episode of the hit soap 'A Duck Between a Rock and a Hard Place'?

### Feifei

No, I haven't watched the latest episode yet.

### Roy

It was epic! Spoiler alert! It turns out that Martin wasn't really a duck, but actually Bob, the evil twin brother of the magnificent unicorn Flim-Flam.

### Feifei

What!? 我简直不敢相信你竟然告诉了我剧情！我一直在看这部剧，这下可好，大结局都被你讲了，我不用看了！

### Roy

But I did say 'spoiler alert' before I told you! And don't worry – there's going to be another episode tonight because – 'spoiler alert!' – the evil unicorn, Bob, didn't die at the end!

### Feifei

Roy! 你能不能再继续说下去了？就因为你说了“spoiler alert（剧透警告）”，并不意味着你就可以告诉我所有剧情！

### Roy

Sorry, Feifei. I promise I won't tell you any other spoilers. Let's listen to these examples.

## Examples

Martina told me a massive secret that happens in the book, and she forgot to say 'spoiler alert!' I'm so annoyed with her!

Next time you give me a spoiler, make sure you say spoiler alert beforehand!

I hate spoilers! They ruin films for me, but when I watch a video on social media and I hear someone say 'spoiler alert', I turn it straight off.

## Feifei

你正在收听的是 BBC英语教学的“地道英语”节目。以上，我们听到了人们在生活中如何使用表达“spoiler alert”。“Spoiler alert”就是汉语里说的“剧透警告”，我们常在要透露一部电影、一部电视剧、一本书的部分情节前，会说“spoiler alert”。I hate when people give me 'spoilers'.

## Roy

Yeah, spoilers can ruin the story for someone. I'm sorry, Feifei, I shouldn't have given you any spoilers.

## Feifei

Well, after you say 'spoiler alert' – you need to give me more time before you tell me what happened.

## Roy

Sorry, I will do. Well, I suppose we're now even for all the times you've told us secrets about films and series! You never even say 'spoiler alert'!

## Feifei

Well, Roy. Did you get the email from me earlier?

## Roy

No, why? What did it say?

## Feifei

Spoiler alert! You have to work the weekend because I'm going to the spa.

## Roy

What, not again!? Oh... bye, Feifei!

## Feifei

Bye.
